An Occasional Idiot

Like you, I’ve
read the many

books to side-
step bizarre
outcomes, but

stumbles come
& obsessions,

(or "sins" from a
certain quarter).

     Fuck it,
     & all
     gurus,

secular or scriptural.
If there were a decency

average, we’d be banned
from moral baseball

                as too good.
